

Don't miss these two beautiful button-topped ottomans with tapered wood feet: a 38" square and a 70" bench, especially good for fronting extra-long sofas. We call our ottomans "Comfortable Cocktail Tables" because they're so nice for putting your feet up on, plus they're handy when company comes as extra seats or, tray-topped, a place to serve. The ottomans are available upholstered in fabric or leather.
